

Environmental Policy Statement

Sanmet Ltd is an environmentally conscious Company and as such we acknowledge the potential environmental impact our surfacing operations may have on the environment.

As a Company, we are committed to ensuring that we:-

- Comply with all environmental legislations and other requirements, including, codes of practice and guidance produced by regulatory bodies, where they relate to our environmental aspects.
- Provide all employees with necessary resources, equipment, information, instruction and training to fulfil the requirements of this policy.
- Operate an environmental management system that complies with the BS EN ISO 14001:2004, as defined in our EMS.
- Strive to integrate environmental best practice into our business operations.
- Identify and seek to reduce significant by review of our processes, operations and work activities.
- Use energy, water, materials and other natural resources as efficiently as possible, giving particular regard to long term sustainability of consumable items.
- Ensure the environment is considered in the procurement of goods and services.

Targets for improvement will be identified, monitored and reviews by senior management at prescribed intervals.

As a minimum, this policy and the results of the activities will be reviewed annually by the Directors and where deemed necessary the policy will be amended and re-issued.

This policy statement is brought to the attention of all employees by the use of toolbox talks with a copy retained by the Site Foreman and a further copy posted on the company website

A handwritten signature in black ink, appearing to read "Z Marsden".
